

Secure Parking & Charging

In addition to the workshop space being able to hold up to six vehicles, the TRL Living Lab offers secure parking facilities for clients to use to ensure their vehicles are stored safely and securely when not in use. For high value vehicles this is usually a prerequisite for the owner's insurance terms.

Electric vehicle charging facilities are also available at both at the Woolwich lab and nearby.

The secure parking bays and charge points are located in the basement of the Living Lab facilities in Woolwich.
