CHRIS FORDHAM

Principal Safety & Risk Consultant
TRL Risk Team

Chris Fordham is Principal Safety & Risk Consultant at TRL. He has significant experience in the development and review of Safety Cases across a wide variety of UK CAV projects, including GATEway, Driven and StreetWise.

Chris has also developed a series of public abridged Safety Cases for public access, some of the first in the UK. He also provided input for the development of BS PAS 1881 and Zenzic's Safety Case Framework for CAM TestbedUK.

Chris has over 7 years' of safety and risk management experience in the Unexploded Ordnance (UXO), automated vehicle and road safety fields. He has excellent Safety Case, risk assessment, and operational safety skills, as well as a comprehensive understanding of how to analyse risk and prioritise risk-reduction activities.
